- Please put student's name on **ALL** items including individual markers and pencil crayons.

Important: Please read:

*Recent years have seen a number of inferior products appear among school supplies. While these products are often initially less expensive, their hidden cost shows up in how quickly they are used up or in the difficulty students have in using them. These products tend to frustrate rather than help **so I will be purchasing the items below and recovering the costs from parents at the beginning of the year. These items would normally be part of the above supply list:***

-pencils, 9 plastic duotangs, whiteboard, whiteboard eraser, sticky pads, 2 baskets, word work pouch, math binder, sharpie, page protectors, etc. Approximate cost will be \$20-25.00.
